

HILLCREST

ELECTRICAL CONTRACTORS LTD

ABOUT US

Hillcrest was founded from a love of technology and doing things better. Our goals, ambitions and inspirations, all came together to form an amazing company that all of us are proud to be a part of.

We provide a range of industrial, commercial and domestic services throughout Yorkshire, no matter how big or small the project.

We are dedicated to client satisfaction. All of our engineers are fully licensed, skilled and highly experienced in the field.

Andy, Director of Hillcrest Electrical oversees all the work undertaken and ensures all projects are completed to a high standard. We are happy to provide work character references from recent projects on request.

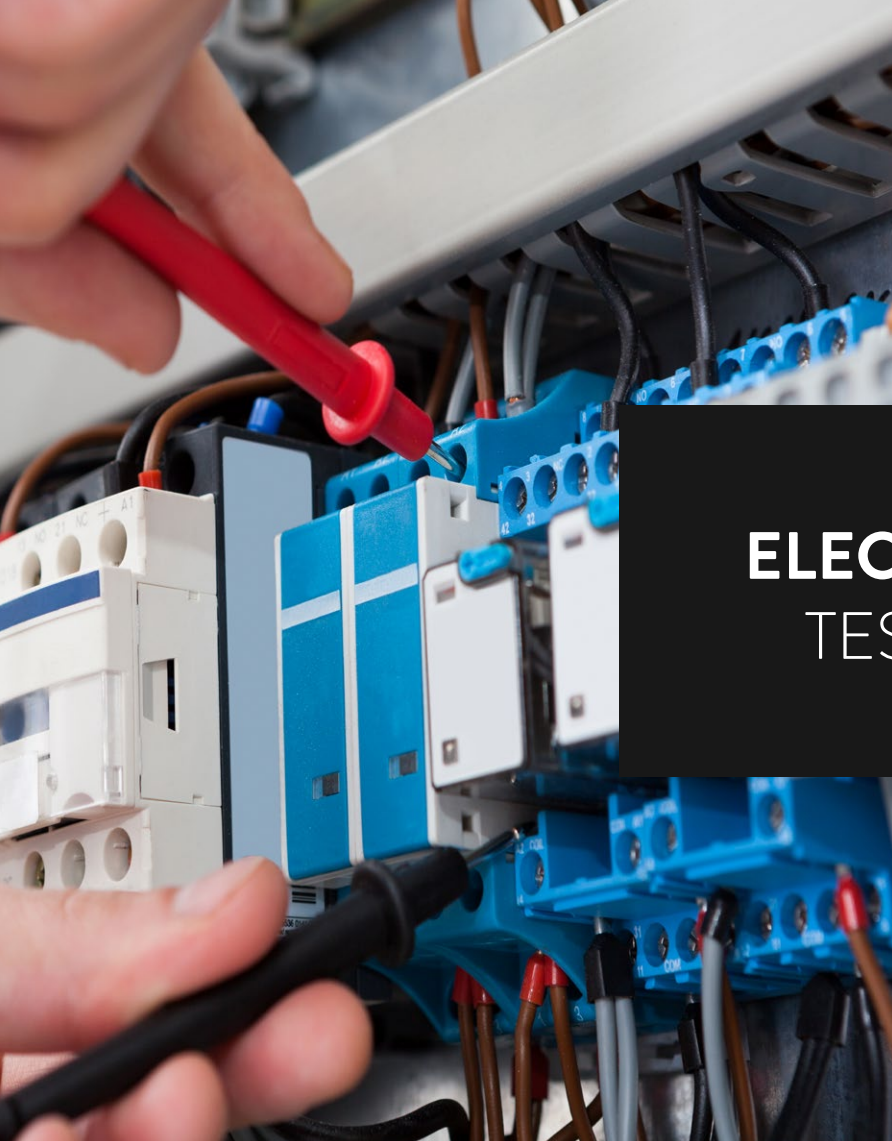

LIGHTING DESIGN & INSTALLATION

We provide full electrical engineering installation services and project management, including:

- **Comprehensive Design & Build Service with Auto CAD**
- **Single & Three Phase Distribution**
- **Power & Lighting**
- **Fire Alarms**
- **Emergency Lighting**
- **Data & Communication**
- **CCTV Systems**
- **Electrical Vehicle Charging Points**
- **Shop Fitting**
- **Street Lighting**

ELECTRICAL TESTING

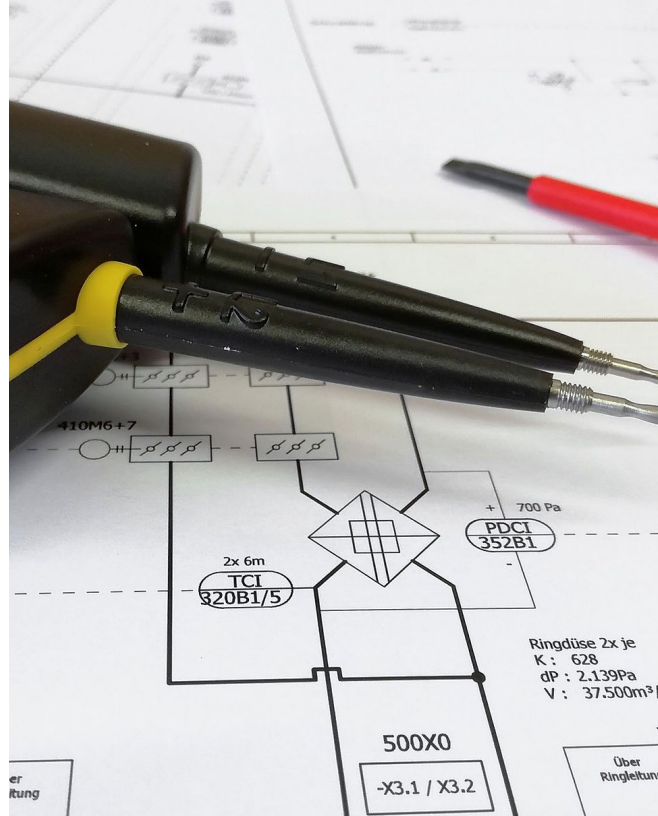

All electrical installations deteriorate with age and use. Make sure your electrics are safe and meet current regulations.

We provide installation, fixed Wire and portable appliance testing (PAT) along with electrical condition reports and all the necessary certification.

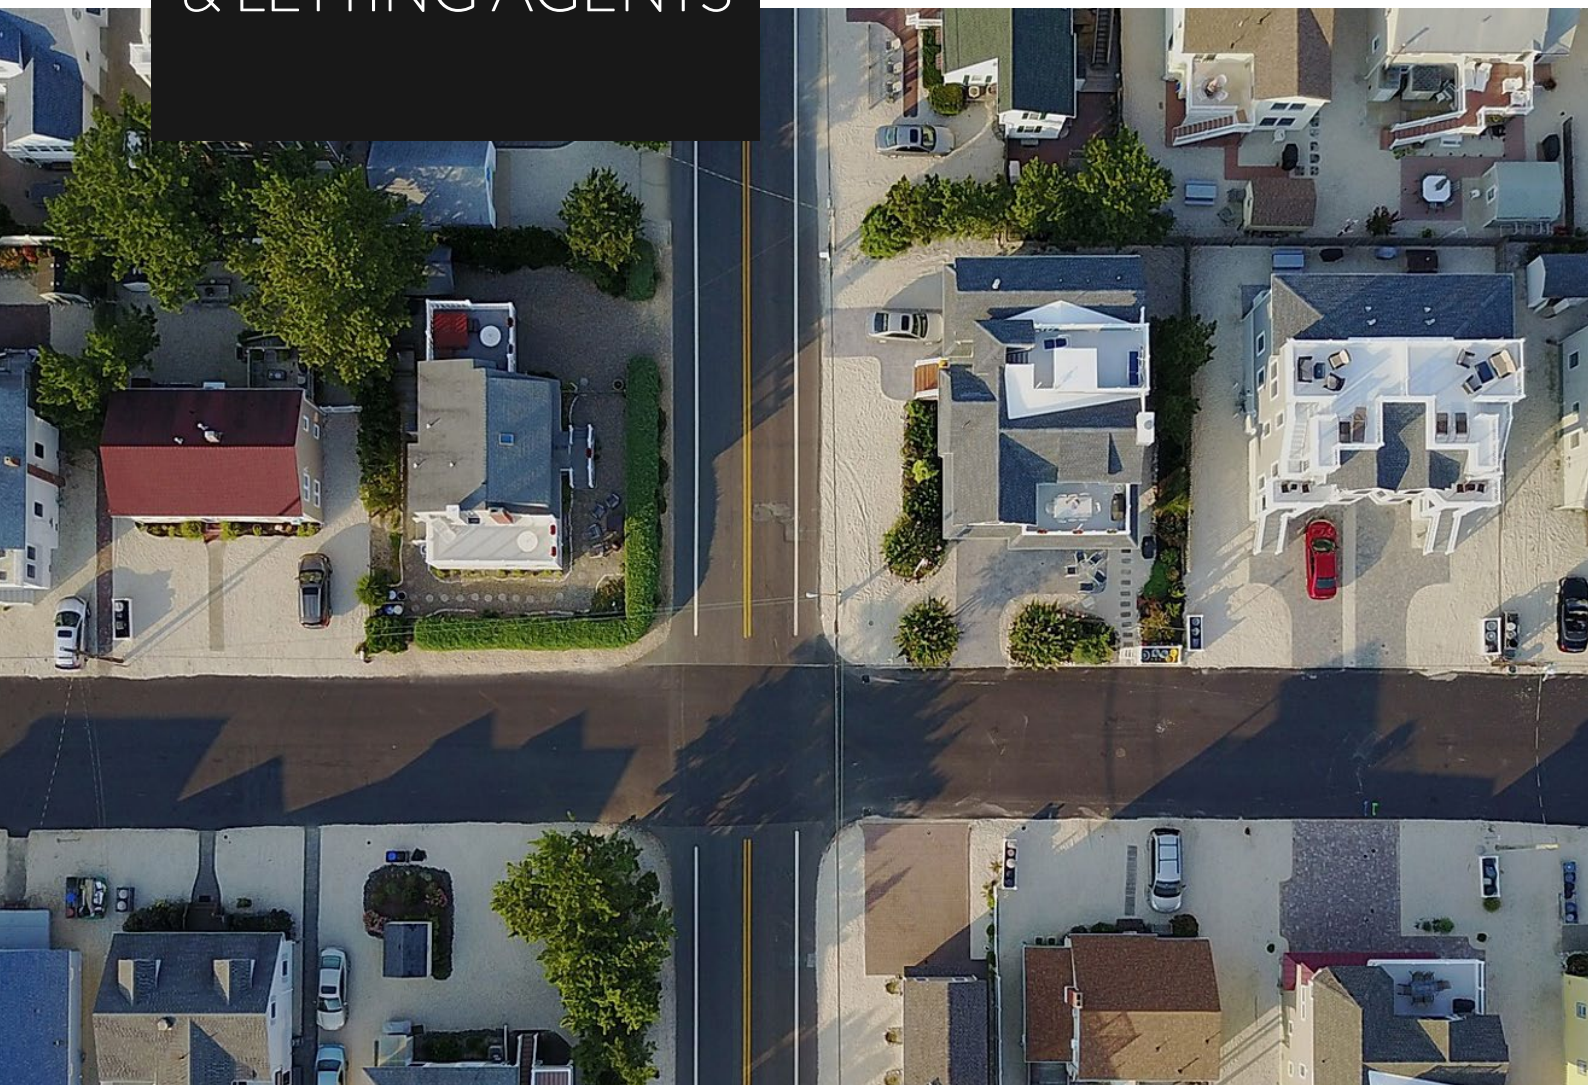

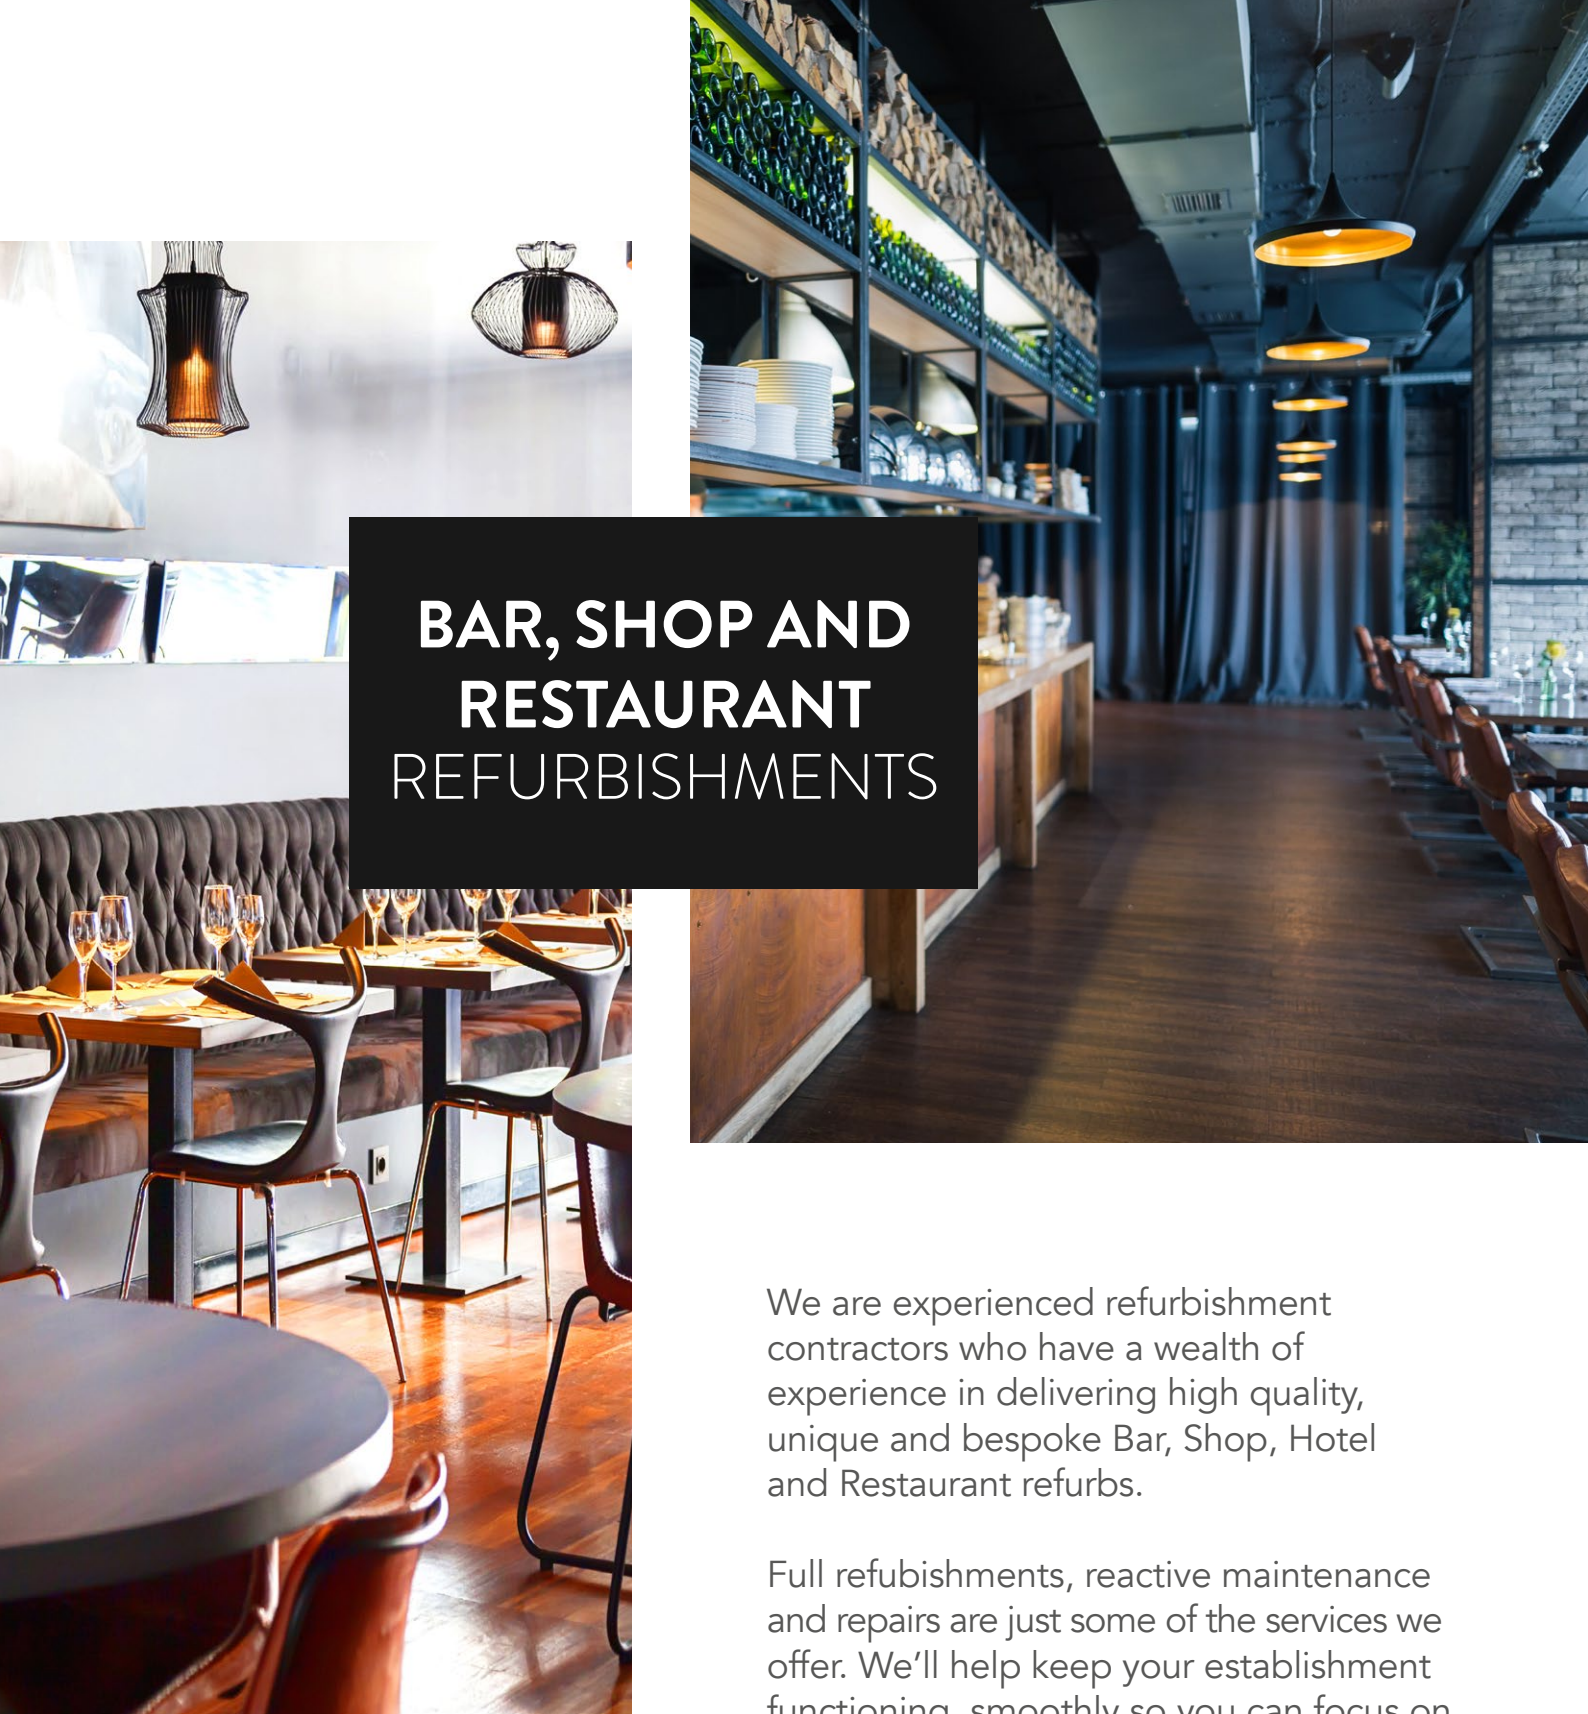

If you are a landlord or letting agent and finding it increasingly difficult to keep on top of ever changing electrical and fire regulations, why not hand this onerous job over to us.

Hillcrest Electrical work with a growing portfolio of both landlords and letting agents across Yorkshire.

LANDLORDS & LETTING AGENTS

BAR, SHOP AND RESTAURANT REFURBISHMENTS

We are experienced refurbishment contractors who have a wealth of experience in delivering high quality, unique and bespoke Bar, Shop, Hotel and Restaurant refurbs.

Full refurbishments, reactive maintenance and repairs are just some of the services we offer. We'll help keep your establishment functioning smoothly so you can focus on your running your business.

We take on full refurbishment projects for Bars, Shops, Restaurants and Hotels including electrical design, installations and even complete interior re-fits.

CARAVAN & CAMPSITE MAINTENANCE

Electrical maintenance is a vital aspect of safety for any type of Caravan environment.

We offer a variety of services for Caravan & Holiday Parks:

- **Static caravan hook ups**
- **Residential hook ups**
- **Park lighting and power distribution**
- **Testing and Inspection**
- **Smart card & mid metering**
- **WiFi installations**
- **Service bollards**
